Help Sponsor a Spay with a Monthly Donation!

Has SpayAid Made a Difference?

- Like many similar programs in North America, since SpayAid began in 2007, noticable decreases in admissions and euthanasia rates have occurred at our PEI Humane Society.
- In 2007-08 cat intake was 1,421. By 2010-11, it had decreased to 1,059, a reduction of 25%.
- The number of cats euthanized dropped to 414 from 897 or by 54%.
- SpayAid PEI and our Partner Vet Clinics sponsor 30 spay/neuters per month for low-income families.

Your monthly donation to the Sponsor a Spay Program will fund the following:

- \$ 5 Every 5 months, a cat can be neutered.
- \$ 10 Over the year 2 medium dogs can be neutered.
- \$ 15 Over the year 4 small dogs can be neutered.
- \$ 20 Over the year 7 cats can be spayed.
- \$ 25 A cat can be neutered each month.
- \$ 35 A cat can be spayed each month.
- \$ 45 A small dog can be neutered each month.
